Community Pulse . . . And More R.J.H. Jr.

Auction time. The annual Avon Lake City Hall police auction is set for this Saturday behind the Municipal Building on Route 83 (Avon Belden).

The many lost and unclaimed items going on the sales block include three dozen bikes, coolers, desk players, cassette players plus much more. The event is scheduled for 11 a.m. so don't be late.

The Aqua Shuffle. [illegible] about a lot of [illegible] the Transcendental Meditation group who purchased the property is a cult, and they were deeply concerned about their children enjoying classes with the children of TM practitioners.

"I hear [illegible] is to start worrying about this [illegible] they're coming to?"

Others were concerned about the possible loss of tax dollars or a big change in the community should a group of people we don't understand move in.

While I'm not sure that everyone is totally at ease with the Transcendental Meditation group, it is becoming a little more obvious that they are not quite the scary lot some of us thought.

In all fairness, we should give them a chance as we would any newcomer to our area. Time will tell.

On the bus again

Actually, these students are kindergarners and this is their first time aboard a school bus, but their older peers are very familiar with the wheels on the bus that go 'round and 'round as the school year begins. Jim Hunter

By Michael Greco

[illegible] was recently cast in the movie *My Summer Story*, a sequel to the 1983 film *A Christmas Story*, to be filmed in Cleveland.

Hunter was a stand-in for the character of Schwartz, played by David Zahorsky, a friend of Ralph, whom the story revolves around.

"I stood and made marks where the actors stand," he said, "and let the camera follow me when I walked. The camera adjusted to what the characters did on stage."

In addition, Hunter was a double and was shown on screen from the chest

Jr. Women seek people with FX lines

AVON LAKE – In searching through community statistics regarding telephone bill usage, it was learned that there are a large number of residents who have foreign exchange (FX) lines, according to Joyce Kubik, vice president of Junior Women. FX lines include a line that is dedicated into Cleveland, Kubik said.

The organization hired attorney Thomas Nader to undertake efforts in trying to require Extended Area Service for Avon Lake telephone customers.

Nader and the Junior Women are trying to find out more about the cost and operation of FX lines.

"If you have one of these lines, please send a letter to Junior Women at P.O. Box 66, Avon Lake, 44012 and tell us why you have an FX line, its monthly cost, and what it cost to install," Kubik said.

Kubik also welcomes FX line customers to call her at 933-6801 (evenings) or Carolyn Martin at 933-4079 (evenings) to provide the pertinent information.

Kubik asks that people contact her as soon as possible because the information is needed before Junior Women attend a pre-settlement hearing in Columbus on Sept. 14.

The Junior Women EAS committee met last week to tally the answers from the community-wide survey that was distributed in *The PRESS*. More than 550 people responded and sent in copies of their phone bills.

Some results: About 97 percent of the respondents call into Cuyahoga County and are in favor of Junior Women continuing efforts to obtain flat rate service into Cleveland.

"A majority of respondents have CCS (Community Calling Service), while some don't know what it is," Kubik said.

She added that the average phone customer exceeds, by 221 minutes, the 120 minute period allotted by CCS.

"This overwhelmingly shows that CCS, as it is, is not sufficient for Avon Lake," Kubik declared.

Thanks from Beachpark residents

To the Editor:

Again this year, as has been their custom for the past 8 years, the Trustees of Beachpark Tower treated the residents with a picnic and entertainment in August.

We enjoyed the picnic fare of hot dogs, baked beans, macaroni salad, etc. The "Towerettes" led the singing, music by the piano player, which was given to the Beachpark Tower by a donation by the Coder Family and the Trustees. (Sadie Coder was a former resident of Beachpark Tower.) Everyone joined in the songfest of old familiar tunes.

The trustees presented Mildred Bill, a retired back-up, a lovely basket of flowers for her many years of faithful service.

All in all, it was a very enjoyable get-together and we thank them for the time and effort put forth to give all of us so much pleasure.

Beachpark Tower Residents

Thanks umpires

To Avon Little League Umpires:

I would like to say thank you for making my last year in Little League as Umpire-in-Chief so successful! We had a great season. Also, a great big THANK YOU to Mr. Tom Kvach for donating all his time and energy training 10 new umpires along with the refresher course for the older boys. Tom has the responsibility for making sure the boys know where to stand, calls to make and why they are making that call. And, they had better know what they are talking about!

I would like to thank my senior umps: Rob Wessler and Dave Gendek. They did major league games exclusively. These guys are fabulous! Thanks also to my other umps: Chris Bonner, Matt Boner, Ray Cooney, Mike Cothran, Rick DiLuciano, Jarred Hricovec, Joe Hricovec, T.J. Jackson, Brian Jicha, Steve Krall, Jeff Leigle, Scott Maidens, Scott O'Malley, Mako Parks, Brian Peregord, Josh Stell, Brian Weaver, Dillon Weidner, Steve Wessler, Mike Zorbini.

Thanks for showing up at all the scheduled practices, games and phoning when you couldn't be there. I know the managers, coaches and parents really appreciated your efforts.

Take care, boys, and I hop all of you come back next year.

Ann Hricovec

Appreciates local support

To the Community:

It's hard to believe that four years have passed since we opened our doors at Drug Mart Plaza. We have made many wonderful friendships throughout Avon Lake, Avon and Sheffield Lake during this time. We opened with a warm welcome by the people of these communities, and have been warmly received ever since.

There have been many people instrumental in making our shop a success here. My staff, Karen, Anna, Michelle, Debbie, Lucille, Tiffany, Shari, Pam, Laurie, Chris, Kelli, Grandma, Karen, Angela, Charlotte and Mary have been the biggest reason for our success. Their concern for quality has truly given us an outstanding reputation we're proud of. Our floors are always remarked on because Carey of Today's Cleaning does such an excellent job. Our flowers always add a warm atmosphere to the store, thanks to Fratianne Flowers of Avon. Our ads are always well read and commented on thanks to Nora and the Avon Lake Press. Our location couldn't be better thanks to Mr. Goodpeh, Larry and Jim of Drug Mart. Our atmosphere couldn't be warmer, thanks to good friends and neighbors such as Terry and Janet from Nightline Graphics. Our newsletters and birthday cards are always well read and happily received, thanks to Avon Lake Printing and Mary Lynne Bonta.

Above all, our success is due to you, our customers, who return to us time after time and show your support of us. Customers such as Vicki, Myrt, Tim, Peg, Bill and YOU make it gratifying to come in to work each day. You have all been most kind in understanding our philosophy of hiring only qualified hairstylists, thus sometimes taking time to find just that right person.

We look forward to serving you in the years to come, and invite you to stop in during our 4th birthday Celebration (see ad) and take part in our "Country Fair" theme.

Wallet returned

To the Editor:

Rarely found these days are honest, trustworthy people.

Recently, I had the unfortunate experience of losing my wallet. Shortly after realizing I had lost it, Leslie Miraldi was knocking at my door. She had discovered my wallet on the side of a road.

To top this, she took me back to the exact spot where we found two lost credit cards.

Many thanks to Leslie for her kindness.

Indian Guides offer family fun

To the Editor:

It is with great pride and respect that I remember my family's involvement with the Two Feathers Nation of YMCA Indian Guides. Over the past 12 years I have had the opportunity to get to know many parents and their children. I have learned a lot about family interaction from watching and being with other families.

My family has enjoyed many low cost day and weekend trips as a result of going with this group. Some of the places we have gone are: the Air Force Museum in Dayton, COSI in Columbus, slept aboard a Navy ship in Buffalo, not to mention a lot of campouts, picnics, bowling and skating outings, horseback riding, canoeing and tobogganing. Many of these things I would have delayed indefinitely or not had the courage to do alone.

Many thanks to all the nation chiefs and other officers for their years of dedicated service. I look forward to several more years of family fun with Two Feathers Nation.

Barb Miller

Thanks from PTA

To the Editor:

The Avon Lake High School PTA would like to thank the following businesses for their support of our "Welcome" packets to the new high school students just newly moving into Avon Lake.

These businesses gave coupons, gift certificates, or brochures to help these students become acquainted with the Avon Lake area. "Thanks" goes to Fantastic Sam's, Aquamarine, Avon Lake Library, ALHS Athletic Dept., Nightline Graphics, Burger King, Geppettos, Subway, Movie Mart, Avon Lake YMCA, McDonald's and the Avon Lake 4 Movie Theater.

In the service

Navy Petty Officer 2nd Class Dennis J. Jackson, son of Charles W. and Nancy J. Jackson of 617 Oakwood Ave., Sheffield Lake, recently returned from "BALTOPS 93" aboard the guided missile cruiser USS San Jacinto, homeported in Norfolk, Va.

BALTOPS, Baltic Sea Operations, is a multinational exercise which has been conducted for more than 20 years. This participation included units from Denmark, Estonia, Finland, Germany, Lithuania, Netherlands, Poland, Russia, Sweden, the United Kingdom and the United States.

During the deployment, Jackson visited Poland, Denmark, Norway, Sweden and Germany.

While in Poland, San Jacinto hosted 200 fourth through sixth graders from a local elementary school, giving each a guided tour of the cruiser, a photo of themselves with a San Jacinto sailor and a traditional American lunch of hot dogs, hamburgers, chips and sodas. The Gydnia, Poland Inspector of education was also presented with over $5,000 worth of school supplies, maps and books. He presented 50 solar powered calculators to be used as incentive awards to the town's best and most improved students.

The ship also presented a local hospital with $25,000 worth of much needed medical supplies.

The 1988 graduate of Brookside High School joined the Navy in September, 1986.

Navy Fireman Apprentice Kenneth E. Gilbert, son of Frances E. Gilbert of 4331 Holl Ave., Sheffield Lake, recently departed aboard the guided missile cruiser USS Normandy, homeported in Staten Island, N.Y. for a six-month Mediterranean Sea deployment as part of the aircraft carrier USS America Joint Task Group.

The group will relieve the USS Theodore Roosevelt Aircraft Carrier Battle Group, its embarked Special Purpose Marine Air-Ground Task Force and the USS Saipan Amphibious Ready Group.

The Joint Task Group will provide greater flexibility in responding to a variety of contingencies, while allowing the U.S. armed forces to conduct integrated operations from the sea.

The 1992 graduate of Brookside High School joined the Navy in December, 1992.

Marine Lance Cpl. Samuel O. Baker, son of Larry A. and Dee A. Davis of 140 Mull Ave., Avon Lake, was recently returned from a squadron training exercise with Marine Attack Squadron 311, Marine Air Corps Station, Yuma, Arizona.

Art classes to begin

The Art Association-sponsored classes in watercolor painting will get start for the 1993-94 season at the Sheffield Lake Community Center, 4575 Lake Road, next Monday evening at 7 p.m.

Mrs. Diane Boldman, a resident of Avon Lake and a popular and well-known watercolor painting instructor in this area of Ohio, will be the teacher for her eighth year for the Art Association. She is a member of the Ohio Watercolor Society. Several of her students have returned each year during her tenure to continue their art studies.

Mrs. Boldman also teaches at the Baycrafters in Bay Village and at the community center in North Olmsted.

Her five-week courses are programed for the advanced student in watercolor painting.

Mrs. Carol Stevens, a Lorain resident and a State of Ohio certified art instructor, is scheduled to resume teaching her beginners course in art basics.

She will specialize in the fundamentals of art structuring such as horizons, vanishing points, color values and the other techniques used in any of the art mediums.

This will be Mrs. Stevens' third season at the Community center for the Art Association. She also teaches at the F.A.V.A. Center in Oberlin and is scheduled to teach at the Lorain County Community College.

Registration for either of the classes starting next Monday evening, Sept. 13, may be made prior to the classes start-up time at 7 p.m. The doors will be open at 6:30 p.m.

The five-week course fee is $30. The classes are from 7 p.m. to 9:30 p.m.

For those who may need more information, please call Romayne Bennett at 949-6708 or Paul Stockert at 949-5137.

Carol McDonald, a real estate industry veteran, has been appointed manager of Realty One's Avon Lake offices. This announcement was made by Dennis Hartzell, Lorain/central district manager.

A licensed realtor since 1977, Ms. McDonald was a successful sales associate for 11 years, consistently earning Professional of the Year and President's Sales Club honors. She also holds the Certified Residential Specialist designation. Since 1988, she worked as an office manager for a local real estate firm, growing a "start up" branch to 32 sales associates.

Ms. McDonald is an 18-year resident of Avon Lake. She and her husband, Richard, are the parents of three adult children and grandparents of one.

Sheffield Sheffield Lake City Schools

Students in Mrs. Kozlowski's room at Forestlawn School were awarded a Lorain County Beautiful grant for $150 and plants. With this they planted a butterfly garden at the school, bought insect puppets to perform a play, and purchased books about insects for the school library. This was all done as part of a unit study called "Birds, Butterflies, and Bugs." The unit covered all subject areas and was done through the year. The students learned about beneficial insects like the ladybug, how using pesticides can affect animals other than insects, how destruction of the rain forests affects butterflies in our area, and which plants attract butterflies and hummingbirds.

The students would like to thank the Lorain County Beautification Fund for their grant award. They had a great time performing the play and planting the eight flats of flowers the fund provided.

Belle Blakeslee displays the lovely door prize she won at last year's CRS luncheon

Although it hardly seems like fall, tickets for the CRS Fall Benefit luncheon are selling quickly. Ticket chairman Cindy Crellin reports that 140 of the 200 available seats are already reserved, and she is receiving new calls every day.

The luncheon, along with wonderful raffle, silent auction and bake sale, will be held at Nor Elyria Country Club on Wednesday, Oct. 13. Following the meal, TV's Kelly O'Donnell will present her program "Focus on Women."

For tickets, priced at $17.50, please contact Cindy Crellin at 933- 8238. Tables of six and eight are also available. This is a very enjoyable way of supporting your community's own social service agency.

More woes for corner tavern

AVON – French Creek Tavern was to have resumed the selling of alcoholic beverages this past Sunday after serving several days of a liquor license suspension issued by the Ohio Department of Liquor Control. But the bar's temporary suspension was not without incident.

An undercover police officer was able to buy a beer during the liquor license suspension, according to Avon police. The sale resulted in yesterday's scheduled arraignment of Roger Zkiab, 25, of Rocky River, who is charged with selling alcoholic beverages during license suspension and maintaining an establishment where an illegal sale occurred.

Both charges can add up to six months in jail for Zkiab and $1,000 in fines. (Due to *PRESS* deadline, results of the arraignment could not be obtained for this story.)

The tavern, at the corner of Detroit and SR 611, was serving the suspension as a penalty for violations that allegedly include serving alcohol to minors, said Mayor Pearl Olearcak. The violations stem from incidents that occurred more than a year ago.

Olearcak and Avon Police Sergeant Ed Wolford said the Department of Liquor Control keeps Avon police apprised of sentences issued in such cases.

"We knew about the suspension," said Sgt. Wolford.

"The tavern was permitted to stay open as long as they didn't serve alcohol," said Wolford, "They could have still served food."

French Creek's liquor license is up for renewal by the State Dept. of Liquor Control next month. City Council recently voted to not recommend the state commission to renew the license, although the state has the last word in the matter.

CORRECTION: Sheffield Candidates

ELYRIA – In last week's edition, some errors were made in identifying the candidates running for Village Council.

Katherine Price is an incumbent and is seeking a third term. Other incumbents seeking re-election include Ron Rosso and Elmer Scott.

Council candidate Earl Griffith is not currently an incumbent. His son, Mike, is a Sheffield councilman, but Mike is not seeking re-election.

CLARIFICATION: City Audit

AVON LAKE – An article that appeared in the Sept. 1 issue ("Audit reveals statements missing from bid contract proposals") pertained to the City of Avon Lake. The city was not identified in last week's article. *The PRESS* apologizes for the ambiguity.

Lorain County history to be reprinted

The Lorain County Chapter of the Ohio Genealogical Society (OGS) announces a new reprint of Wilson Brothers' *History of Lorain County* first published in 1879.

The original of this nine-hundred-page standard history of the county has been long out of print. Two previous reprint editions were sold out years ago.

This new edition comprises all 1,054 pages of the 1879 original work, as well as the original 100-plus supplemental pages of illustrations and biographies, plus the 60-page every-name index that was added to the earlier reprints. In addition, this 1993 reprint is the first to be published on long-lasting acid-free paper.

From the earliest times, through the period when Indians roamed the forests, to the arrival of the pioneers, every aspect of the county's past is fully described. There are accounts of each town, village and every township in the county and profiles of the first families, early businesses and industries established. Biographies of the county's most active settlers in the Civil War and the area's development following the war is featured.

A pre-publication price of $30 is available for orders postmarked by Oct. 30, 1993. To have the book mailed add $4.50 for postage and handling. Ohio residents should add $2.09 tax. After Oct. 30 the price will be $47.50 plus $2.63 tax, as well as the $4.50 postage and handling.

Checks should be made payable to Lorain County Chapter OGS and mailed to the Chapter at P.O. Box 865, Elyria, OH 44036-0865. The books will arrive about mid-November, just in time for holiday gift-giving.

Star Lore by Fred Tichenor

Week of Sept. 9

ARIES (Mar. 21-Apr. 21) A creative approach will save the day when problems arise. Perfect time to effect a health improvement, even if surgery is required, but you may have to change your ways to stay cured. A romance could grow into much more but it won't happen quickly, however, it can be exciting while it's budding.

TAURUS (Apr. 22-May 22) - You are about as bright as an old shoe now and will have to rely on your charm to get by. You will become more concerned with the "spirit" rather than the "letter" of the law. Do something fun with the family, it will do everyone good and you may pick up an idea or two that can be developed.

GEMINI (May 23-June 21) Over-optimism in a personal situation could prove embarrassing. You may rush out and buy a new car for all the wrong reasons and then have to live with it. A Cancer may think s/he owns you but you know better, you're just waiting for the Crab to help with the unloading when your ship comes in.

CANCER (June 22-July 20) You may fall out with a brother or sister over something stupid. Your emotions will be running high and you'll take everything personally, and you may compensate by buying junk you don't need. This would be an ideal weekend to elope (or something); it should be everything you wished for.

LEO (July 21-Aug. 20) You are both possessive and selfish and that isn't apt to win you many plaudits. Dealings with financial institutions will take extra effort for a few days and you may end up looking for a more friendly environment. Read the classifieds, you could find an exciting job opportunity.

VIRGO (Aug. 21-Sept. 22) You could find an error in your check book and have more money than you thought. Your week could end on a down hill note when nothing goes right, but there is a reason. This could be your most creative time of the year so don't waste it on routine, get out where you can showcase your talents.

LIBRA (Sept. 23-Oct. 25) A Gemini might make your travel dreams come true and you'll get a mental as well as a physical trip. If you're looking for a "wild and woolly" weekend, you're sure to find it, but you may have some regrets when the bills come in. You could travel to an Arts event or to meet someone on the sly.

SCORPIO (Oct. 25-Nov. 23) You are trying to kid the boss and you'll get away with it — for a while. A change may put you in the driver's seat but you'll need a good "pit crew" to keep running smoothly. Take everything you hear with a grain of salt and don't make any commitments until you've had a chance to check.

SAGITTARIUS (Nov. 24-Dec. 21) Concentrate on turning new acquaintances into friends. You'll get a disastrous idea and if you tell anyone about it s/he'll think you're crazy and if you try to do anything about it, s/he'll be right. You'll lose track of your money but you'll sure enjoy it — and so will all of your friends.

CAPRICORN (Dec. 22-Jan. 17) You may be obsessed with material comforts and overlook the real important things. Your personality will be so sparkling you don't even recognize yourself, and it will come in handy when you need to implement an unpopular change. You are in for some real surprises this weekend.

AQUARIUS (Jan. 18-Feb. 16) The loved one is smarter than you are in some areas and you need to acknowledge it or life will be short on fun. A Cancer is looking at you with eyes of romance — ready for a swim? The Crab could make you forget all your problems. Double check if someone tells you s/he has to work overtime.

PISCES (Feb. 17-Mar. 20) A friend will let you down (So what else is new?) Travel plans will have to be changed and I can just hear you crying about the inconvenience. Community, charity or Arts events are your best bet for the weekend, you may come away with new knowledge plus someone to share it with.

This week the kid reporters will take over the program and present a kid's look at the environment. The reporters will visit Avon Lake's CEI plant, the Lorain County landfill, the recycling plant, Avon Lake Water Works, and Avon Lake's Waste Disposal Plant.

Nancy Wozniak, producer and director of the program, has worked throughout the summer with the boys and girls. They have visited many of the spots of environmental concern in the community.

Kids-Around and About Avon Lake will be shown daily at 10 a.m., noon, 3 p.m., 5 p.m., 7 p.m., 9 p.m., and midnight on Avon Lake's government access channel, Channel 31.

The program is presented under the auspices of the Avon Lake Cable Advisory Commission which is appointed by the mayor and consists of Paul Smith, chairman, and members Lorene Coughlin, Scott Herrick, Jacob Lundy, and Bob Quinlan.

Industry invited to enter AL Homecoming parade

AVON LAKE – The community's Harvest Homecoming, set for Oct. 9 and 10, is invit ng local industry to provide a float or vehicle or miscellaneous parade unit for the Saturday morning Homecoming parade. In addition to industries encouraged to sponsor a booth at the Homecoming celebration.

For 5 years a segment of the business community is honored, and this year the Homecoming Committee has chosen to feature industry for the 1993 Harvest Homecoming. This year's theme is "A Community Living and Working Together."

A parade entry from an industry could be anything from a vehicle to carry the industry's name to an extravagantly decorated float. Prizes include $100 for the best float, and two $50 prizes for second best floats. Plaques will be awarded to 6 winning contestants in several different categories, such as "Best Industrial Float." (See entry form.)

The booth would require an eight-foot display showing how or what an industry manufactures. The display does not have to be manned, nor is it necessary to distribute any material – it is simply to inform the community what a particular industry is all about. Booth fee is $50 which offsets the cost of entertainment, special props, security, decorations and all other costs incurred to put on the booth.

Homecoming, to be held at Avon Lake High School, 175 Avon Belden Rd., (Route 83). Booth hours are Saturday, Oct. 9, 11:00 a.m. to 5 p.m. and Sunday, Oct. 10 from 10 a.m. to 3 p.m. Setup will begin at 6 a.m. on Saturday, and cleanup starts at 3 p.m. Sunday.

The parade starts at 10:30 a.m. on Saturday. Information concerning reservations, booth locations, parking and the parade route will be sent to all participants.

For more details, call Booth Chairman Judy Murray at 1-961-6000 (work), 933-7907 (home); or Parade Chairman Ron Andolsen at 933-4961.

Don't miss Bandarama Saturday

Avon Lake Shoremen Band Aids will host Avon Lake's 29th Annual Bandarama which will be held at Avon Lake's Memorial Stadium at 7:30 p.m., Saturday, Sept. 11. Sharing the spotlight for the evening's performance are these high school marching bands from Northeastern Ohio: Elyria Pioneers, Avon Mighty Eagles, Brookside Cardinals, Bay Village Rockets, Wellington Pikes, and Avon Lake Shoremen.

The bands will perform half-time show samples which include replete performances by majorettes, flag bearers, pom-pom girls, drummers, herald trumpet players, drill teams and drum majors.

The induction of the fifth class into the Music Hall of Fame will take place during the Bandarama. The Music Hall of Fame, in memory of Henri Zabawski, Avon Lake's first band director, was started at the 25th Bandarama in 1989. To qualify, the person must be a graduate of ALHS and have a successful career in music. This year's nominee is Rick Fortney, who is presently the Minister of Music/Director of Worship Ministries at the Bay Presbyterian Church in Bay Village. He oversees the Worship, Music, and Arts Ministries.

Tickets may be purchased at the gate; adults $4, and $3 for senior citizens and students. Tickets will go on sale at 6:30 p.m., Sept. 11 at the caboose.

Avon Lake Shoremen Marching Band will appear at Elyria's Parade-of-Bands on Saturday, Sept. 18 at 7:30 p.m. in Ely Memorial Stadium. Elyria's Parade-of-Bands will have over 600 performers from the various visiting bands.

Did someone throw away $300,000?

SHEFFIELD LAKE – The owner of an Ohio Lottery ticket worth $300,000 has yet to come forward and claim his prize, and it is believed the ticket is probably in a landfill by now.

Brownie's Market in Sheffield Lake sold the ticket in March. Despite previous publicity about the missing winner, no one has produced the ticket.

Dan Bagnett, who works at Brownie's, suspects the ticket holder didn't know about the Three Numbers rule, which means a person still has a chance of winning something if at least three out of six numbers are drawn.

Avonite gets a shot in movie sequel

Continued from page 1

down and all he was supposed to do was be part of a crowd scene along with 50 to 100 other young people.

The seventh grader at Avon Lake said he learned about the film after watching a newscast.

"Channel 5 gave a number to call if anybody was interested in being part of the movie," Hunter said. "A classmate of my mother's, a friend and I decided to go. I filled out an application and took a picture down."

After contacting an agency in Cleveland, Hunter went downtown for an interview. Of the thousands of people applying, he was chosen for a part because he looked like one of the characters that was in the movie.

This experience is in addition to other performance credits Hunter has tallied in his pursuit of a film/acting/stage career.

"I was one of the lead characters in a Lorain County Pioneer Theater play," he said, "and thought this was fun, cool and interesting."

Hunter believes the verbal level, using voice and body motion, is the most important aspect of acting.

And what type of plays or movies does he like to perform in?

"Surprisingly, I like Shakespeare," he said. "I've been to talent shows where I recited his works."

So far, he hasn't acted in Avon but is willing to pursue auditions if the opportunity arises.

Hunter's mother, Pat, is equally excited for her son and hopes *My Summer Story* is a stepping stone for bigger things.

"We've contacted David and Lee Agency, a local modeling agency for kids," she said. "Hopefully, this can lead to doing local commercials, then move on to national advertisements."

The comedy-family film, due out in spring or summer of 1994, stars Charles Grodin, Mary Steenburgen and Kieran Culkin. Original director Bob Clark and screenwriter Gene Shepherd return to their respective positions. Benny DuPont is the executive producer.

The filming part in Cleveland is over, and production has moved elsewhere, as the producers search for just the right fishing location for one of the movie scenes.

But for Jim Hunter, it will be an experience he will never forget.

Lights, camera, action!

Band Aids meet tonight

Avon Lake Band Aids booster club will have a meeting this evening, (Sept. 8) at 7:30 p.m. in the high school cafeteria.

All band parents and any interested persons are encouraged to attend. The main subject on the agenda is the final plans for the Bandarama which is Saturday, Sept. 11.

Avon Lake Band Aids booster club was organized in 1964 to raise money to purchase new uniforms for the high school marching band. The Band Aids are still continuing the job of buying instruments, replacing and maintaining uniforms, chaperoning the band on trips, putting on an annual awards banquet and generally supporting all band activities.

Over the years, the size of the marching band increased from 70 members to the present 160 members, and the role of the Band Aids has also increased.

Some of the fund raising activities for the 1993-94 season are: concessions at football games, the cheese and sausage sale, Bandarama, and the annual patron drive. Come and learn more about what keeps Avon Lake's bands moving.

PET CARE

Katharine K. Evans, Veterinarian

Heartworm

What do you do if your dog is diagnosed with hearthworms? What should happen next?

Your veterinarian is probably going to recommend a complete physical exam and medical work-up. Blood chemistry and a urinalysis will evaluate the dog's liver and kidney function. A blood count will check for anemia and infections. A chest x-ray can help to evaluate how severe the damage to the heart and lungs may be. An EKG may also be needed for some patients. A stool should also be checked for intestinal worms.

After all this information is collected, it may be necessary to treat some problem before it is safe to treat for heartworm. We want the dog in the best shape possible before treating for heartworms.

This message is brought to you as a public service from Dr. Katharine Evans, Avon Lake Animal Clinic, 124 Miller Road, Avon Lake Animal Care Center, 123 Miller Road. Phone 933-5297.

Eagle volleyballers split season openers

By Chris Assenheimer

AVON – The Lady Eagles opened the 1993 season, splitting their first two matches of the year against Lorain County Conference rivals.

They lost their first game of the season August 30, to LCC power Elyria West, 3-15, 11-15, then bounced back to even their record at 1-1, with a 15-12 15-7, victory over Brookside, Sept. 1.

In the opener versus West, it looked like the Eagles were in for a long night when they were dominated in game one, but they regrouped to give West a run for their money in the night cap.

Head Coach Marty Yonkof was pleased with the way his team came back.

"They got to ba'l's they didn't get to in the first game. I thought we did some good things and we're only going to get better," he said. "They're determined to be a good volleyball team. They've worked hard and they are going to get better as the season goes on."

Two days after Yonkof spoke those words, the Lady Eagles did get better, and they got their first win of the season in the process.

Senior Missy Czarny led Avon in scoring, going 13-15 for 11 points on the night, and senior Julie Krystowski was the squad's leading setter, converting a perfect 16 out of 16 sets, and assisting on four kills.

Carrie Stockard also had a big night for the Eagles, going seven for eight in attack shots, with four kills.

ASHLEY AND AMBER are the twin daughters of Regina and Ed Honse. They are 8 years old. This summer they traveled to Grand Rapids, Michigan for National championships where they placed third in pairs. The girls have taken baton and dance class for one year from Joan Hofelzer of Avon Lake. Look for them in the Homecoming Parade.

Shoremen cruise to opening win

By Michael Greco

AVON LAKE – In recent years, when the Shoremen and Midview Middies hooked up in their opening season games, it was close. In 1991, the Shoremen won 17-16. In 1992, Avon Lake gained a 12-0 victory. In 1993, the margin widened as the Shoremen rolled all over the Middies, 34-7 dominating all phases of the game on a rainy Friday night.

Senior tailback John Perretti, who gained over 1,000 yards last season, had a par game rushing for 127 yards on 22 carries and one touchdown.

However, a passing game was unveiled that could make the Shoremen a more difficult team to beat. Quarterback Dave Fitz completed 11 of 19 passes for 211 yards and three TD's.

"Midview keyed on ou tailback so we couldn't run the ball," said Shoremen coach Dave Dlugosz. "So we took advantage of coverages they gave us and got the ball to our talented, experienced wide receivers."

Perretti scored the first Avon Lake touchdown on a 10 yard run off a pitchout to give the Shoremen a 7-0 lead.

In the second period, after a fumble recovery, Fitz went immediately to the air and hit Dan Smith in full stride at the Midview 35, and he went the rest of the way making it a 52 yard score at the 4:50 mark.

The Shoremen took over in the third period as Kevin Morrissey returned the second half kickoff 44 yards. Five plays later, Fitz hit Morrissey with a 25 yard touchdown strike at the 9:37 mark. The Fitz to Morrissey connection hooked up again – Brian Morrissey that is – he caught a 25 yard score with 6:15 to go in the third period.

Fitz hit Brian Morrissey in the fourth period with a 23 yard score to give the Shoremen their lopsided win.

Brian Morrissey caught four passes for 68 yards; Kevin, three for 61 yards and Smith hauled in two for 67.

Midview's lone touchdown came on a Jason DiFranco to Mike Hayes 21 yard touchdown strike in the third period.

The Shoremen defense created seven turnovers and stopped the Middies after a bad snap on a punt. Kevin Newman had eight tackles and two fumble recoveries.

The Shoremen travel to Elyria Catholic Friday night.

Lady Cads launch uphill climb to improve volleyball record

By Chris Assenheimer

SHEFFIELD LAKE – When you finish the season 2-17 there is no place to go but up, and that's where Brookside volleyball coach Kathleen Busse intends to go with this year's Lady Cardinals.

Busse, who made her debut as varsity volleyball coach last year said the '92 squad, which won Brookside's first game in two seasons, was adjusting to a new program as well as a new coach, and that made it difficult to compete with their rivals in the Lorain County Conference.

She says that will not be the case with the 1993 team.

"Last year was my first year coaching the team and we were basically starting from scratch," Busse said. "We've made some improvements and things are slowly but surely coming into place. I would like to go .500. We have the possibility of doing that."

Prompting the coach's optimism is the fact that the Lady Cardinals return five out of six starters and eight letter winners from last year's team.

Senior co-captain Amy Ioaniddis (hitter) returns to her position from last season, as does senior Heidi Brillian (hitter), and juniors Dana Dietz (setter), Eileen Maranic (hitter), and Cathy Eckenrode (hitter).

The other co-captain, senior Katie Russell, hitter LaRosa Camel, sophomore Jenny Fugate, senior Kristie Sayers, and freshman Jessica Erdie will battle it out for the final spot in the Cardinal starting lineup.

Busse says the fact that the girls have a year under their belts in her system should make them more competitive this season.

"The strengths of our team are that we have eight returning letterwinners and the girls understand my system of coaching," she said. "We also have outstanding talent in our seniors. We're just going to look to improve each game and take it a step further from last year."

Although Brookside has an abundance of returning starters and letter winners, Busse says they are inexperienced, which is to be expected in a new program.

"Our biggest weakness is lack of experience. Even though they played together for a year, they're still learning," Busse said.

Defending conference champ, Wellington, and Firelands have been the traditional powers in the LCC, and Busse sees them contending again, along with Keystone and the Avon Eagles.

"Wellington and Firelands are the teams to beat. They both have good, sound programs," she said. "Keystone and Avon are always tough, but if I had to say, it would be Wellington and Firelands."

According to Busse, the goal of this year's Cardinals will be to improve each time they hit the court.

"It would be great to do better than .500, but realistically we just want to improve each game and try to develop a good power volleyball team," said Busse.

The vote is in: Although the season is completed, the Avon Little league board met last Thursday to name board members for next year.

Doug Hauck was named president; John Greco, vice president; Debbie Dosztal, secretary; Lynn Schwartz, treasurer; Jim Hyla, major league vice president; Dick Frier, minor league vice president; Gary Simkovich, tyro vice president; John Churavy, field maintenance; Ruth Keller, umpire-in-chief; Pat Alflen, player agent; and Marty Zilka, equipment manager.

In all, there are five new members, three that changed positions and three that remained the same. A majority vote was needed for approval of board members.

President Tony Vignale, Treasurer Terry Fergus, Umpire-in-Chief Ann Hricovec and Equipment Manager Ken Weaver left their respective positions.

Hauck was out of town and did not attend the meeting.

Greco said the number one priority for next season is to get the new field finished.

"We want to get all the fields in better condition," he said. "I think the board members will get involved with this."

He added that with a mixture of new and returning board members, new ideas will help in improving the league.

Even though he is not on the board any more, Vignale said he will continue to work with Coke about a sponsorship next year. He said he is still working with Coke representative Steve Carpenter and hopes to have something concrete next month.

Other previews: In the fall sports season, football gets most of the attention. However, there are other sports that can be equally exciting.

In the coming weeks, sportswriter Chris Assenheimer and I will preview some of these.

This week it will be volleyball. It should be a competitive season for the three area teams. Avon has a good tradition to work with, Brookside is on the uprise and Avon Lake has a new coach, which always leaves room for optimism.

The Shoregals have already beaten Fairview, the Lady Eagles fell in their opening match against Elyria West last week, but quickly evened up their record with the following contest against the Lady Cardinals.

Another sport that keeps gaining popularity is soccer. Avon Lake made it to the districts last year while Brookside and Avon kicked off their inaugural seasons last year – and quite enthusiastically I might add.

The Shoregals tennis team finished strong going 12-2 (14-4) overall in the SWC conference last season, with the help of Megan Chawansky, who is also an All-State basketball player. She returns this season.

In the meantime, let the games begin and good luck to all participants.

Veteran Shoregals primed for SWC volleyball challenge

By Chris Assenheimer

AVON LAKE – The Shoregal volleyball squad will begin the 1993 season under the direction of a new coach, and with four returning starters back from a team that finished tied for second place in the Southwestern Conference. The team's record was 10-4 last year.

Becky Werling, who served as an assistant on the varsity level last year, heads into her rookie season optimistic about her team's chances this year in the SWC, and why shouldn't she be?

Avon Lake has six letter winners on a team of 10, including four girls who will be resuming their starting roles when the season opens.

Seniors Michelle Finefrock (5-9), Katie Moes (5-9), and junior Melissa Zakel (5-10), return to their starting positions to give the Shoregals a formidable front line.

As if that were not enough, the Shoregals also have a returning starter in Stacy Fifer at the setter-hitter position. Finefrock will play outside hitter, alongside teamates Moes, at outside hitter, and Zakel at right side hitter.

The experience factor and the sizable front line are the strengths of this year's squad according to Werling.

"I think one of our strengths is the ability to play together. Lots of the players were there last year on the varsity level, so they have experience. We should also have a good and tall front line," she said.

Werling says that with so many seniors on the team, no one has felt comfortable assuming the role as the leader up to now.

"They're all seniors and they've played together, but we really don't have anyone taking charge. We need someone to step up and take charge," said Werling.

Shoregal Volleyball Schedule
Thurs., Sept. 9, at Bay
Tues., Sept. 14, Westlake, HOME
Thurs., Sept. 16, R. River, HOME
Sat., Sept. 18, at Admiral King, Quad at Fremont (with Fremont, Wellington (TBA)
Tues., Sept. 21, at N. Olmsted
Thurs., Sept. 23, Fairview, HOME
Sat., Sept. 25, - at Normandy (Invitational), 9 a.m.
Tues., Sept. 28, at Amherst
Thurs., Sept. 30, Olmsted Falls, HOME
Tues., Oct. 5, Bay, HOME
Thurs., Oct. 7, at Westlake
Tues., Oct. 12, at Rocky River
Thurs., Oct. 14, N. Olmsted, HOME
All games start at 6 p.m., unless indicated otherwise.

The final two spots in the starting rotation will most likely be filled by senior returning letter winners Amy Mitchell, middle hitter, and back row specialist Angie Westfall.

The two will get competition from the remaining four girls on the team, juniors Kathleen Hattersley, Cheryl Smith, and Courtney Mock, and sophomore Sarah Simmons.

Avon Lake Shoregals Volleyball Team
Back row: Michelle Finefrock, Sarah Simmons, Amy Mitchell, Melissa Zakel, Katie Moes. Front row: Cheryl Smith, Coach Werling, Angie Westfall, Stacey Fifer, Courtney Mock and Kathleen Hattersley.

As far as the conference race is concerned, Werling sees a similar scenario to last year, with the Shoregals battling it out with defending champion Fairview, and runner-up Olmsted Falls, for the SWC title.

"I think the three of us will be fighting it out again," she said. "Olmsted Falls has all six of their starters back, so they will be tough. Fairview lost all their top players, but you never know with them. They always seem to find someone."

If the veterans on the Shoregal squad stay healthy and they get solid performances from the new starters, Avon Lake should find themselves in a late season race for the conference championship.

Bay blasts Brookside for shutout

By Chris Assenheimer

BAY VILLAGE – Opening the season against two-time Southwestern Conference champion Bay Village is not an enviable task for any football team to take on, but that is what the Brookside Cardinals faced when they travelled to Rocket country Friday, and came away on the short end of a 23-0 score.

The Cardinals had trouble getting much of anything going on offense throughout the night, but defensively Head Coach Jim Kubuske said he saw some bright spots.

"Offensively we dropped some passes and kept turning the ball over. A good football team like Bay is going to take advantage of that. I thought our defense played real well. We put them in some tough situations all night. I was proud of the defense and the effort the kids showed," said Kubuske.

The Cardinal defense held the Rockets two five first downs of their eight for the ballgame, and they stalled the vaunted Rocket ground game, allowing only 80 yards rushing.

It was not Bay's offense that beat Brookside, it was the big play. The Rockets had two big pass plays that accounted for the majority of their scoring on the night.

The closest the Cards came to putting in the end zone throughout the game, was midway through the first quarter when they drove to the Bay 26 yard line, after pulling off a fake punt to keep their drive alive.

However, the opportunity was lost when Brookside tried to execute a screen pass, and a Bay defender stepped in front of Card's quarterback Eric Graham's pass and picked it off. The Cardinals were intercepted five times in all.

Hector Aponte had an aerial theft for the Cards, and he along with teammate Nick Fabian, received some praise from Bay Head Coach Tom Kaiser.

"Give Brookside some credit. They have a couple fine players in Aponte and Fabian. Those guys are athletes. They're a well coached ballclub," Kaiser said.

Despite the loss Kubuske was pleased with his team's never say die attitude.

"We're disappointed we got beat, but we played hard the whole game. The effort was there and they didn't quit, going up against the two-time SWC champs," he said.

The Cardinals host Lorain Catholic Friday night.

Avon opens season with victory

By Chris Assenheimer

AVON – The Avon Eagles kicked off their '93 football campaign with a 20-7 victory over independent foe Cuyahoga Heights, Friday night.

The Eagles wracked up a whopping 328 yards in total offense, while holding the Redskins to a measly 41 for the game.

Avon's ground game accounted for most of the yardage, churning out 235 yards, led by tailback Don Hilsenroth's 25 carries for 131 yards. The senior also scored two touchdowns on the night.

Quarterback Tom Wearsch also had a solid game through the air for Avon. He completed eight of 11 passes for 88 yards and no interceptions.

"Obviously I'm pleased with the win. We played well enough to win. Cuyahoga has a nice club and they really came to play," said Head Coach John Lengen.

Avon coach: Consistent attack would keep Eagles flying high

By Michael Greco

AVON – Marty Yonkof has been a fixture at Avon High School in coaching girls' athletics for 19 years.

His basketball teams are consistently atop the conference with six conference, eight sectional and five district championships.

And his volleyball teams are no slouches either; his record is 274-111 (counting one loss this year), including six league, 11 sectional and two district championships.

Yonkof picked up his 250th win on the hardcourt last season and is primed for a run at the volleyball LCC championship in 1993.

Despite a 7-15 (5-9 in the LCC) mark last year, the coach is optimistic about the new campaign.

"We've improved over last year and I think we'll win more matches," Yonkof said. "The girls are working hard to improve their skills and are enthusiastic about the team, their teammates and playing well."

Only two starters return from last year's squad, but they are good ones in senior setters Missy Czarney and Julie Krystowski.

Yonkof calls the duo the strength of the team.

"They are three-year varsity players," he said, "and two of the best setters in the league. Another positive for us is that we're serving well."

Other starters include Tracy Arendt, Jenny DeChant, Kelley Dunegan and Amy Scappucci.

The coach realizes, "Starting is overrated. It's whose on the court during crunch time that's important, and that could be other players like underclassmen or non-senior starters."

Yonkof said his starting line-up might vary depending on whose playing well or how a combination of six players are playing together as a team.

Other members of the team include: Kathy Braun, Laura Krystowski (back after an injury last year), Carrie Stockard, Julie Hollars, Jamie Lunato, Tabitha Wilkins and Belinda Orr.

Yonkof knows his team has some areas to work on for a successful season.

"We need to pass better out of serve reception and attack the ball and provide better hitting," he said. "We also need to build confidence; many times we're hitting the ball down instead of spiking it."

In the LCC, Yonkof said it is very strong from top to bottom but mentioned Wellington, Elyria West, Firelands and Keystone as the top four teams because of good solid returning starters.

In the 20-game slate this season, non-conference opponents include: Lutheran West, Columbia, Elyria Catholic, Open Door and the Cuyahoga Heights Invitational. A tournament Avon has been a part of for a number of years. The tournament always involves Avon, Cuyahoga Heights and two other undetermined teams.

Yonkof is fast becoming one of the deans in the LCC with the amount of years he has coached – he is approaching the magical 20 next year.

"*I'll continue it as long as I enjoy it* and it doesn't take too much away from my family," he said. "The kids are great to work with. I'll hate to leave that."

He is assisted by JV coach Gina Kelly. The freshman coach is Debbie Alten; eighth grade - Steve Lang; and seventh grade - Heidi Rom.

Overall, it appears the Lady Eagles will be in the thick of things. Yonkof said early indicators give him a reason to point to a fine season for his team.

"They've looked good in the scrimmages and I saw 'we' instead of 'I' in the team, and that's important," he said. "Another good indicator is the great leadership provided by the seniors through work ethic, especially in the practice with hustle and conditioning."

The coach continued, "If we play great defense and consistently attack, we'll have a good season."

"Let Us Begin Again..."

Sunday Proverbs 9:1-10
Monday Proverbs 9:11-18
Tuesday Ecclesiastes 2:1-26
Wednesday Isaiah 24:23-29
Thursday Daniel 2:1-23
Friday Genesis 41:37-57
Saturday I Kings 3:1-15

"Now, let us begin again, class."

As another year of learning commences, the above phrase will be repeated often. New concepts require study and repetition to be internalized and understood. The instructor knows this...therefore, especially in the field of education, patience is foremost.

Each of us, whether young, middle aged, or in our twilight years, continues to learn, long after our formal education is complete. It has been said that one is truly intelligent only when he or she realizes that learning is an endless quest.

Our schools are invaluable in this quest. So are our churches and synagogues invaluable to our youth and to each of us. May we gather each Sabbath as we study God's Word, for indeed, He is the greatest Teacher. Each week, we have another chance to enrich our lives... a chance to begin again.

ICE CREAM SOCIAL. Thank you, friends! The ones who join the Friends of the Library are invited to an Ice Cream Social on Sunday night, Sept. 12 from 6-7:30 p.m. Enjoy ice cream wagon rides, ice cream, homemade cakes and pies, balloons, and a library valued coupon.

Individual memberships are $5, family, $5; sustaining, $15; and patron, $25. Guests may pay $1 admission.

GOLF OUTING. Join the Library Foundation golf outing on Saturday afternoon, Sept. 11. Your $50 donation will pay for the electric cart for nine holes followed by a catered dinner, and a gift. Call the Library at 933-8128 to reserve a place at dinner, or just for dinner ($20).

The Avon Lake Public Library Foundation supports the establishment and maintenance of the hands-on museum in the new library, Kaleidoscope. A Coordinator, Doris Forrer, has been hired part-time to begin planning for this unique learning center.

ARCHITECT ON TARGET! Bids for construction of the new library facility were opened on Tuesday, Aug. 31. The committee had bids from the lowest apparent bids from the general, electrical, plumbing, and heating/air conditioning contractors, were over $100,000 BELOW the budgeted $3 million!

The architects from Thomas Ziska, Associates, had had estimates done repeatedly during the design process to see that the project as designed was affordable within the proceeds of the bond issue. The remaining $1 million of the $4 million bond issue is for furnishing and equipping the new space.

The compilation of bids are available for inspection at the library. The contracts will be awarded at the regular Board of Trustees' meeting at 7:30 p.m. on Thursday, Sept. 9.

In the service

Navy Ensign David A. Youtt, a 1988 graduate of Avon Lake High School, was recently commissioned in his present rank upon graduation from Officer Candidate School.

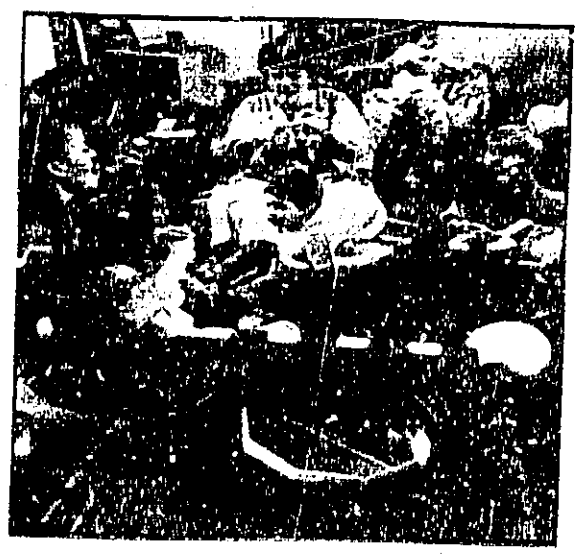
During the course at Naval Education and Training Center, Newport, R.I., officer candidates study the principles of leadership, manpower management techniques, navigation and communications.

Studies also include Naval history, traditions and mission; the structure and organization of Naval commands; military courtesy; uniform regulations; seamanship; and the Uniform Code of Military Justice.

The school is designed to prepare officer candidates to assume the duties and responsibilities of commissioned officers.

He joined the Navy in February, 1993. Youtt is a 1992 graduate of the University of Michigan, Ann Arbor, Michigan, with a ME degree.

The Look of a Leader



St. John West Shore Hospital is the community's hospital.

At St. John West Shore Hospital, we think the best way to serve our community is to be a part of it. That's because we believe our responsibility goes far beyond providing quality health care. And who better to identify the needs of a community than the people who live there. We are the person behind you in line at the grocery store, the parent standing next to you at your daughter's soccer game, and the one sitting next to you in church.

At St. John West Shore Hospital, we believe a hospital and its programs belong to the community it serves. Listed here are just a few examples of that philosophy at work.

- Uninsured and Medicaid families in Western Cuyahoga and Eastern Lorain Counties receive necessary medical care from services like our **Obstetrics Clinic** and through our partnership with **North Coast Health Ministries.**
- The tradition of physician house calls has been kept alive through our **Mobile Medical Care** program. This service provides timely medical care for homebound older adults, all with charges comparable to a physician office visit.
- The new **St. John West Shore Child Development Center** is a community day care resource able to accommodate 88 children ranging in age from six weeks to five years.
- The hospital sponsors a variety of **Support Groups** for our neighbors who depend on the support of others to face life's many challenges.
- In keeping with our belief that everyone should have access to quality care, the hospital's **SeniorSavers Plan** waives the deductible amount charged to Medicare patients with annual family incomes of less than $20,000.
- The shortage of playing fields in Westlake was somewhat alleviated when the hospital volunteered to convert some of its land into **Soccer Fields** for young athletes.

Kids, wanna drown some worms?

AVON — It's fish on derby time. The derby, scheduled for only Saturday, Oct. 16 or Oct. 23, is open to all Avon residents under the age of 16. Pommier Pond or registration at Avon Lions Community Center will be the location.

The Lions Club is going to stock the pond and manage the contest, while the City Recreation Dept. is allowing use of the pond, use of the Community Center and necessary manpower.

All contestants will register at the Community Center at 8 a.m. (no muddy feet inside center). Each contestant must be accompanied by an adult, (age 21 or over) who will serve as the contestant's sponsor. There is NO fee to enter this event.

Fishing starts at about 8:30 a.m. and continues until noon. Bring your own bait or buy it at the boat stand. Prizes will be awarded for largest fish for each different kind of fish caught.

After contestants' fishes are measured by a Lion, the fish must be returned to the pond unharmed (so you can catch him again when he gets bigger).

A state wildlife official may be present to instruct fishermen and fisherwomen on techniques for successful fishing and the proper way to fish.

Because of a low water level in the pond, the fish have been unable to grow, therefore the exact date has not been set. Watch *The PRESS* for announcement of the date. Till then, make sure your fishing pole is ready to go.

Register to vote

Voter registration closes for the Nov. 2 general election on Oct. 4. If you are a new voter or moved to Lorain County from another county or another state, you must register to vote. The League of Women Voters of Avon Lake will be available at Rini Rego on Walker Road on Thursday evening, Sept. 16 from 5 p.m. until 9 p.m. and on Saturday, Sept. 25 from 10 a.m. until 4 p.m. to register voters and to provide applications for address and name changes and for absentee ballots.

You may vote by absentee ballot if:

- You will be absent from the county on election day.
- You are 62 years of age or older.
- You will be hospitalized on election day.
- You have a personal illness or physical disability.
- You are an election official.
- You cannot vote on election day because of a religious belief.
- You will be in jail for a misdemeanor or awaiting trial.

A written request for an absentee ballot must be received by the Board of Elections by noon Oct. 30 for the November election.

Voted absentee ballots must be received at the board office by 7:30 p.m. on election day in order to be counted. Exception: Ballots mailed out of the country will be counted if received by the board up to 10 days after election day if postmarked by election day.

Registering voters and encouraging participation in government is a service of the League of Women Voters. Membership in the League is open to any citizen 16 years or older. If you are interested in the League, phone Joanne Homer, 933-5657.

For an up-to-date statewide source for nonpartisan information on all areas of Ohio government: voter registration; status of Ohio legislation; how to contact legislators; dates of public hearings and issue forums, and more, contact toll-free, 1-800-LWV-OHIO, 10 a.m. to 4 p.m. weekdays.

Pearsons hold reunion

The invitation went out to all the family stating "Ohio or Bust." Come by car or come by train, come by boat or come by plane, but be sure to come to the 7th annual Person family reunion.

This was the highlight of the summer because 75 people came to the Andy and Iris (Pearson) Monda home in Avon on Aug. 14.

There are five children in the Pearson family. Besides Iris, there are three brothers, Norman, Ross and Emory and a sister, Kathy.

Those attending from out of state were: Norman & Inger Pearson from Dodge Center, Minnesota; Ross & Bibi Pearson from Alma, Wisconsin; Kathy (Pearson) Ludwigson from Bloomer, Wisconsin, and their son, Jeff and granddaughter, Kristen and guest Tami Wold from Eau Claire, Wisconsin; Rick & Lou (Pearson) Flury from Alma, Wisconsin; Randy & Rose Pearson from Lake City, Minnesota; and Emery & Dee Pearson from St. Peters, Missouri. Other guests attending from out of town were: Anne Monda from Ashtabula; Ed & Louise Niles from Lyndhurst; and Jesse & Fran Martinez and their children, Anne and Sam from Ft. Wayne, Indiana.

Lots of good food and good conversation made it a very special and memorable day for all.

Next year, Kathy and Norbert Ludwigson will host the reunion in Bloomer, Wisconsin on Aug. 13.

Medical society meeting

The Rehabilitation Center of Lorain County, Inc. will accommodate The Lorain County Medical Society for its meeting by a brief presentation of The Rehabilitation Center's Services by Executive Director, Thomas Miller.

Parent-Toddler classes set

Bay Village Montessori has begun enrollment for their Fall Parent-Toddler program. The classes are for 18-36 month old children. Classes are held on Saturday mornings for one hour. This session begins on Sept. 25 with a parent session. Classes are held on Oct. 2, 9, 16, 23 and 30. The cost is $60.

These classes introduce the very young child to their first classroom experience. The child explores and socializes in a small group setting with one parent remaining in the classroom.

Interested parents should call the Bay Village Montessori School, 871-8773 for more information and to receive an application. Due to the limited size of the class, spaces fill up very quickly.

Women's Chorus begins new year

Do you like to sing? Can you carry a tune? Do you like to make people smile? If you answer yes to any of these questions then the Avon Lake Women's Chorus may be for you. WAIT! You don't have to live in Avon Lake. Open to any woman age 18 or over from any location, the Chorus offers the thrill of bringing joy to others, basking in applause and the warmth of working together making joyful sounds. Children at home? We offer free babysitting. Can't read music? It isn't really necessary. Afraid to audition or sing solo? Not required! No transportation? We may be able to help.

The Chorus meets every Monday morning from 9:30 a.m. to 11:30 a.m. in the music room of the United Church of Christ on Electric Blvd., Avon Lake, just south of Lake Rd. and west of Rt. 83. The new year begins Monday, Sept. 13 and follows the school calendar through May. New members are welcome anytime and old members are always welcomed back.

The group performs three seasons of music: fall, Christmas, and spring consisting of show tunes, gospel, patriotic songs, and old favorites. We perform for retirement and nursing homes, clubs, organizations, churches, etc. about 20 times a year. If you are interested or want more information, feel free to call Fran at 949-6346 or Beth at 934-5229 or just come on down! We guarantee to put a song in your heart and a smile on your lips or even the other way around.

So far, ALPS has raised $40,000

Many Avon Lake Play Space fundraising projects have been held this summer to benefit our new playground and the youth of Avon Lake. A big thank you to all the volunteers who helped with these successful events, as well as those who participated.

Golf Outing. A great time was had by 64 people who enjoyed an evening of golf and a catered dinner at the Sweetbriar Golf Course in Avon Lake. The net proceeds from the outing were over $1,500.

Appreciation is given to Kathy and Del Novotny, Robin and Mike Bommer, and Bridget and Jeff Kerr for organizing the event. Thanks also to Novotny Catering and Joe Lombardi and the Sweetbriar Golf Course staff.

Community Picnic and Raffle. Kathleen Wilhelm and Fred Smith did a great job of organizing this event. There were many happy winners, and the ALPS made over $2,500.

ALPS Garage Sale. The Old Firehouse was never busier than it was during the garage sale. Proceeds totaled almost $1,300. Thank you to Arlene and Fred Smith for coordinating the sale and to all who donated items and worked the days of the event.

ALPS Fun Fair. The Fun Fair at Learwood Middle School in June was a great success and netted over $1,700. Perhaps the most memorable event was the Pie in the Face booth. Thanks to organizers Debbie Hevesy, Denise Wilkinson and Charlene Jungerman, and the many volunteers for making the Fun Fair a success.

Engraved Bricks. There are a lot of people anticipating seeing their names cast in stone at the new playground. Net proceeds for this project to date is over $5,100 and the orders keep coming. We give our appreciation to Dr. Janeen Lapp for managing the Buy-a-Brick program. If you need a form, check the Old Firehouse.

Pennies for Playground. In May, students made dozens of penny jugs which were then put in classrooms and in many shops and businesses around town. The pennies (dimes, dollars, etc.) have totaled $1,300 so far. GOOD JOB KIDS! The children's committee chairmen and Nancy Wozniak have helped coordinate this project. Thanks for everyone's efforts and pennies for the playground.

Kids Helping Kids. Several hundred dollars have been donated by events organized and carried out by Avon Lake children. Kook-Aid stands, Carnivals, Miniature Golf Tournaments and Car Washes have all taken place to aid the cause. Thank you kids, your contributions are some of the biggest.

It All Adds Up. The ALPS at Bleser Park has benefited from several other fundraisers as well as many direct donations from individuals, civic groups and corporations. Nearly $40,000 in cash has been raised to date. All of the time, efforts and dollars given so generously for this community project are greatly appreciated, not only by the committee, but by the children of Avon Lake.

Langdon receives scholarship

Marla Langdon of Avon Lake has received a $1,000 scholarship from the National Association for the Self-Employed (NASE) to attend Ohio State University in Columbus. Langdon is one of 50 students nationwide to receive a portion of $50,000 that the NASE awarded this year. This is the fifth year the small business organization has provided the scholarships to dependents of its members.

Langdon, a 1992 graduate of Avon Lake High School, is currently a sophomore at Ohio State majoring in chemical engineering. She was greatly influenced by her father and her chemistry teacher to pursue that degree, but when she received the BFGoodrich Science Scholar Award, she was convinced.

"Last summer, I worked for PhD polymer scientist and my doubts about majoring in engineering subsided," she said. "I saw firsthand how important a technical know-how is to performance in the business sector of an industry."

At college, Langdon is active in Women in Engineering and Alpha Phi sorority. In high school, she participated in the math-science club, National Honor Society, vocal jazz ensemble and Coats for Kids.

Marla is the daughter of NASE member John Langdon, owner of John D. Langdon & Associates training services.

The NASE, an organization of 300,000 self-employed individuals, offers more than 100 benefits such as legislative advocacy, toll-free business consultants, scholarships and a bi-monthly newspaper. Its group purchasing power helps members save money on products and services like long-distance, travel, prescription drugs and health insurance. Call 1-800-222-NASE for more information.

A PRAYER TO THE HOLY SPIRIT: "Holy Spirit, You who made me see everything and showed me the way to reach my ideals; You who gave me the divine gift to forgive and forget the wrong that is done to me, and you who are in all instances of my life with me, I, in the short dialogue, want to thank you for everything and confirm once more that I never want to be separated from you no matter how great the material desire may be. I want to be with you and my loved ones in your perpetual glory. Amen. Thank you for your love towards me and my loved ones.
Persons must say this prayer 3 consecutive days without asking for your wish. After 3rd day your wish will be granted, no matter how difficult it may be. Then promise to publish this dialogue as soon as this favor is granted. F.G.M.
